Make the job easy.

1. **Start Early.**
2. Have a clear plan done of your site. Preferably to scale.
3. Make a list of ALL the things you will need.
4. Make a list of all the people you will be dealing with along with their contact numbers and what they are expected to do. You might like to give them a copy of this.
5. Order your activities so that the critical ones are done on time. This will stop the hold ups.
6. Check early that everything is going to plan.
7. Use The Tree Company for your requirements.
8. **START EARLY**
Every year there is a rush to get things done at the last minute. It takes about 4 times longer to get things on to site in the last day and about 10 times more frustration. If you have not exhibited before allow yourself lots more time than you think. When you finish early there is a great deal of satisfaction in watching others rush to get theirs done.

Please contact us if there are any areas you need help. We are happy to suggest others who can help you if we cannot do it ourselves.

Site Planning Service.

We have the services available of an experienced site planner who will also make up display items. Contact us early if you would like to use his expertise. This service is charged for.

Please provide a site plan if you are ordering ground cover materials.
